ABSTRACT

Designed to assist local officials in examining their library media collections and staff according to the recommendations in the Criteria for Modern School Library Media Programs, this factbook lists statistical data on school library media programs in the state of Maryland. The entries are arranged alphabetically by local educational agency name (i.e., city or county school district name) and each entry contains three tables: (1) data on school library media collections, (2) data on the number and percentage of items by school for meeting state criteria for school library media collections, (3) data on the number of schools meeting state criteria for the staffing of school library media centers. State totals are presented for System Level Professional Library Media Centers in four areas: system level grand total collections, system level print collections, system level nonprint collections, and system level library and media center professional and support personnel. The costs of textbooks in Maryland public schools, data on Maryland institutional school library collections, and data on nonpublic school library media collections are also presented. (Author/JL)

# INTRODUCTION

This collection of statistical data on school library media programs is designed to assist local educational agencies in examining their library media collections and staff according to the recommendations in the *Criteria for Modern School Library Media Programs*.

The tables are arranged alphabetically by local educational agencies and each has three tables to clarify their situations:

- -School Library Media Collections (ESEA Title II, ESEA Title IV-B and Non-Federal)
- -Number and Percentage of Items by School for Meeting State Criteria Regarding Collections
- -Number of Schools Meeting State Criteria for Staffing of School Library Media Centers

Total State tabulations are presented on System Level Professional Library Media Centers:

- -System Level Grand Total Collection (including ESEA Title IV-B Additions and Equipment) and Project LIFE Requests
- -System Level Print Collection, including ESEA Title II and ESEA Title IV-B
- -System Level Nonprint Collection, including ESEA Title II and ESEA Title IV-B
- -System Level Library Media Center Professional and Support Personnel

The expenditures for textbooks and library resources are included to indicate amounts spent and the variance.

The Institutions reporting have been tabulated as public school systems. The nonpublic schools only have the School Library Media Center Collection listed, and are arranged by local educational agency.

The data for this document was secured from the Annual Library Media Center Reports:

- -MSDE LDS FORM 284-09-11/76 (1979-80
- -MSDE LDS FORM 284-07-4/77 (1979-80)
- -MSDE LDS FORM 284-06-4/77 (1979-80)

Holdings secured with federal funds and on loan to the nonpublic schools appear on the nonpublic school tables, under ESEA Title II and ESEA Title IV-B.

Data in this report was compiled and prepared by Estelle Williamson, Specialist - Field Services; Marlene Johnson, Office Secretary III; Kathy Lewis, Office Secretary I; and Teresa Voelker, Office Secretary I.
